Universiti Teknologi MARA has been a pioneer and the only university specializing on textile science, fashion and apparel technology in Malaysia. The programme began with a diploma course in 1974 and in the year 2000, the degree programme was offered followed by Master and PhD. The programme has been producing alumni that work in the textile and apparel industry. Alumni also has established themselves in textile, retailing, fashion, garment sector, successful entrepreneur, technologist, engineers, and researchers. Their knowledge is needed to deal with products related with textiles and apparel. The program has been accredited by the Textile institute, an independent and renowned textile body in Manchester, United Kingdom. Since the program is accredited by the Textile Institute, student graduates from the program can further their studies in universities around the world such as in the United States, United Kingdom, Germany, Australia, or any other universities offering Textile and Apparel courses.
