ARTSY SCIENTIST

(By Sekretariat Mahasiswa Fakulti (SMF))

On 27th November 2020, "Sekretariat Mahasiswa Fakulti (SMF)" organised a program called ARTSY SCIENTIST which is the drawing competition. The given theme is Heritage Art which related to the culture from our ancestor. This event joined by a total 22 competitors (students). The program was opened for all students in UiTM Shah Alam and FSG students from all campuses in UiTM around Malaysia. The program being held from 27th November 2020 until 17th December 2020. There are two type of art which Physical Arts and Digital Arts. The platform used for the participants to submit their arts via telegram and Instagram and for those who wants to register, they can submit the application via provided Google Form. The winners were announced in Instagram (@smf_fsg) and they received some amount of money as the reward. E-Certificate was provided for all participants.

During the competition, all of the participants who joined this competition had to post their artworks on social media, which is Instagram with our trademark hashtag for this event: #ArtsyScientist #SeniDigital #SeniFizikal. Furthermore, all participants also have to share their artworks on Telegram. Moreover, this contest will help all of the participants to release their stress during hectic weeks. Besides that, this Artsy Scientist contest will be a platform for students to show their talents. Hopefully, this Artsy Scientist contest will benefit all Applied Science's students from all UiTM campuses around Malaysia and all UiTM Shah Alam students.
