

1. Title: Mr.
2. Name: Mohamed Izzharif Abdul Halim
3. New I/C: 860709-56-6459
4. Date of Birth: 09/07/1986
5. Place of Birth: Kuala Lumpur, Malaysia
6. Gender: Male
7. Nationality: Malaysia
8. Organization/Institution: UiTM, Malaysia
9. Official Corresponding Address: Faculty of Applied Sciences, Universiti Teknologi Mara Selangor, 40450 Shah Alam, Malaysia
10. Telephone Number: +603-55448106
11. Fax Number:
12. Mobile Number: +6013-2006530
13. Email Address: izzharif@salam.uitm.edu.my

14. Academic Qualification (provide additional page if necessary):

Year Graduated	Qualification Level	Field	Major	Institution
On-going	PhD	Forensic Chemistry	Spectroscopy analysis	University of Dundee, UK
2009	Master of Science	Forensic Science	Forensic Ballistics	Universiti Teknologi Malaysia, Johor Bahru, Malaysia
2008	Bachelor of Science (Hons)- First class	Chemistry	Chemistry	Universiti Teknologi Malaysia, Shah Alam, Malaysia

15. Research Experience and Specialization (provide additional page if necessary):

Year	Field	Funding	List of Publication/Patent	Institution	
2013-2017	Forensic Chemistry	Innovation Awards	2017	Gold Medal- Development of New Rapid Test Kit for Gunshot Residue Evidence Recovery	UiTM
			2013	Bronze Medal- Innovation of New Rapid Test for Evidence Recovery of Gunshot Residue	UiTM
2013-2016	Forensic Chemistry	Ministry of Higher Education, Malaysia	2014	Scottish Student Forensic Research Symposium	University of Dundee
			2015	World Academy of Science, Engineering and Technology International Journal of Law	

			2015	and Political Sciences Vol:2, No:10 7 th European Academy of Forensic Science Conference	
2010-2018	Forensic Chemistry	<p>A) <i>Lestari</i> Development Of New Rapid Test Kit For Gunshot Residue Evidence Recovery (RM20 000)</p> <p>B) <i>BESTARI</i> Microbial Transformation of Tetracycline Antibiotics Bysoil Filamentous Fungi (RM 30000)</p> <p>Elucidation of organic and inorganic gunshot residue using spectroscopy, chromatographic and chemometric methods (RM 35 000)</p> <p>A) <i>Fundamental Research Grant Scheme (FRGS)</i> Multivariate Chemometrics Analysis For Forensic Discrimination Of Writing Inks (RM49,000) Leader/PI</p>	<p>2018</p> <p>2017</p> <p>2018</p> <p>2018</p> <p>2013</p>	<p>1st UTM Emerging Scientist Conference 2018 (ESCON 2018)</p> <p>Conference on Biomedical and Advanced Materials 2017 (Bio-CAM2017)</p> <p>The Malaysian Journal of Analytical Sciences, Vol 17 No 2 (2013): 230 – 235</p>	UiTM

			2013	<i>IEEE Symposium on Computers and Informatics, ISCI 2013. <u>IEEE Computer Society</u>, p. 236-240 5 p. 6612410</i>	
			2012	<i>IEEE Symposium on Business, Engineering and Industrial Applications.p. 834-837 4 p. 6423009</i>	
		A) Excellence Grant Uitm Analysis Of Gunshot Residue Deposited On Target Originating From Single Type Of Ammunition And Pistol (RM15,000) Leader/PI	2013	<i>IEEE Symposium on Computers and Informatics, ISCI 2013. <u>IEEE Computer Society</u>, p. 231-235 5 p. 6612409</i>	
			2010	<i>IEEE Symposium on Computers and Informatics, ISCI 2013. <u>IEEE Computer Society</u>, p. 231-235 5 p. 6612409</i>	
		Forensic Analysis of Lipsticks Using Chromatographic Methods (RM 8500)	2011		

16. Working Experience (provide additional page if necessary:

Year (start-end)	Institution/Company	Post
2009-2016	Universiti Teknologi MARA, Malaysia (UiTM)	Lecturer
2013-current	University of Dundee, UK	PhD student/ researcher
2016-current	Universiti Teknologi MARA, Malaysia (UiTM)	Senior lecturer
